Not Just a Walk in the Park

The Plymouth Downtown Development Authority was very sad to hear the news of the passing of Plymouth's favorite dog Stella. Stella was a DTP icon and will be sorely missed. Please see the attached message Stella's family posted on Stella's Facebook page:

It is with shattered hearts that we tell you we said goodbye to our beloved Stella and she crossed the Rainbow Bridge peacefully this afternoon. At almost twelve years young, Stella passed after a very brave battle with cancer and lived a much longer life than most Bernese Mountain Dogs.

Anyone who has been active in our community knows the legacy Stella leaves behind. She raised tens of thousands of dollars during her birthday parties for Humane Society of Huron Valley. With Dogtopia, she raised enough money to buy and train a service dog for a Veteran. She greeted children with Santa in the fire engine coming into the city. She spent countless hours at the VA Hospital in Ann Arbor comforting and loving the many veterans who met her. She visited local schools and had her books read to 30-120 gathered children at a time. She and Bob walking around downtown and stopping in at local businesses was all in an ordinary day. And it was an extraordinary day when the two of them threw out the first pitch at the Miracle League opening day game in 2018.

Perhaps the greatest gift of her legacy was what she simply did every day with little fanfare. She accompanied Bob to her restaurant and greeted thousands of guests over the years. The delight of both young and older guests was obvious, and even when she was unable to come to the restaurant due to health issues, almost everyone asked after her. She has been sorely missed the last several years.

These last few weeks have been spent doing her favorite things everyday. We've been taking truck rides, eating ice cream and liverwurst (yes, sometimes together), devouring rare filets and steaks, watching old movies, and hanging out at the lake. Most importantly, she has been almost constantly with her very favorite person in the world, Bob.

We are planning a luncheon on Tuesday to celebrate her life. If you would like to join us, please email us at: stellabellathemountaindog@gmail.com. We will forward details to you, and we would love to have you join us to celebrate her incredible life.

We are grateful to Dr. Mier, Dr. Roose, Dr. Knight, Dr. Walters and their awesome teams, Ray and Mike who were her favorite babysitters over the years, and the entire team at Stella's - our amazing staff and regulars (a.k.a. some of our best friends). Thank you to everyone who has made her feel so special over the years. She was an extraordinary soul, and we know as she bounded over the Rainbow Bridge on strong legs with her ears flapping and her big smile, Grandma Clare, Grampy Wally, Holden, her BFF Berkley, and countless others were there to greet her and welcome her home into Heaven.

Hug your furbabies. "God was a genius when he created dogs." - Bob Ostendorf.

Love,

**Bob and Dorothy**
